Accessible Tours

We are working on improving access to the Centre so that disability access is built into our mainstream exhibitions and programmes. This means that currently some aspects of the Centre are not fully accessible. For the purposes of this event, we will be organising a series of accessible tours, to ensure that everyone is able to experience the Centre during the event. Please could you indicate below which tour you would prefer to book onto (please tick one tour):

Touch tour of the Centre for visually impaired visitor

- BSL interpreted tour of the Centre for deaf visitors
- Accessible tour for wheelchair users
- Accessible tour for people who can walk for a limited distance
- General tour of the new 'Journey' exhibition, our new exhibition which is currently under development (for which we are building disability access into the exhibition designs)
- General tour of the main Holocaust exhibition
- General tour of the memorial gardens

If you have any access requirements which you will not be met by the above tours, please outline your requirements below:
